TEAMS BATTLED FOR
12 TERRIFIC INNINGS,
GOWDY WAS A STAR
HITTING LIKE A FIEND

Fenway Park, Boston, Oct. 12.—In a thrilling finish of a 12 inning struggle, the Boston Braves, champions of the National league, defeated the Philadelphia Athletics by a score of 5 to 4. The world's series games now stands Boston 3, Athletics, 0.

The struggle was nip and tuck from the first to the last inning and it was Catcher Red Gowdy's formidable bat that carried the day for Boston. He drove out a home run and two doubles, all of which spelt runs for Boston.

Bush of the Athletics and Tyler for Boston pitched with honors fairly even. It looked like an Athletic victory when they scored two runs in the first half of the tenth inning, but Gowdy drove out a home run and a base on balls and a single by Evers and a sacrifice by Connolly tied the score. In the twelfth Gowdy doubled and Mann, running for him, scored when Bush threw wild on Maran's bunt, allowing Mann to score the winning run.

Fenway Park, Boston, Oct. 12, (Box). An Indian summer day was the Athletics' day for the contest. The American League twice vanquished the National League in a clear sky of the Boston Braves went to and the air was blazy. The play of the day with the National League field was that dry and light-brown winners in the third battle.

Before play was called, Captain Evers of the Boston team was presented with an automobile in recognition of his being the most valuable player to his team in the National league.

Ira Thomas went into the box and pitched during the Athletic workout. It looked as though they expected Rudolph to face them today. Strunk had been suffering from a bad finger during the series and it was said Walsh would play in center field in his place today.

Joe Bush and Chief Bender warmed up in front of the Athletics' bench while Tyler and Rudolph worked out for Boston. Manager George Stallings was presented with a diamond stick pin and a gold ball by Mayor Curley of Boston, on behalf of the city government. Captain Johnny Evers was presented with a gold bat by Mayor Curley.

Tyler and Gowdy were named as the battery for Boston. Bush and Schang were named as the Athletics' battery.

THE GAME IN DETAIL
FIRST INNING

Philadelphia.—The first pitch of Tyler was a ball. The next came over for a strike. Murphy doubled down the left field line. Oldring sacrificed, Tyler to Schmidt, Murphy going to third. The Boston infield came in close on the grass to make a play at the plate. Murphy scored when Connolly dropped Collins' intended sacrifice fly. Baker struck out, missing a curve by a yard. Gowdy tried to pick Collins off first but his throw was late. Collins stole second, Gowdy's throw being low. McInnis walked. Collins was picked off second, Tyler to Evers. One run, one hit, one error.

Boston.—Bush's first pitch shot around Moran's neck for a ball. After pitching three straight balls Bush put over two strikes. Moran then fouled off the next four pitches. Evers singled over Barry's head. Bush worked a fast inshoot almost exclusively. Connolly fouled out to Baker who made the catch near the Athletics' bench. Evers stole second. Schang's throw being to the left of the bag. Whitted was a strike-out victim. No runs, one hit, no errors.

SECOND INNING

Philadelphia.—The Athletics were now ahead for the first time in the series. Tyler took Walsh's splash and threw him out. Tyler worked a wide curve and had a deep fly to Schmidt. Tyler fed Schang with slow curves. Evers took Schang's looping fly with his gloved hand. No runs, no hits, no errors.

Boston.—Schmidt struck out, being fooled by Bush's change of pace. Deal flew out to Baker. The wind almost carried the ball out of Baker's reach. Marunville walked. Marunville stole second. Marunville scored when Gowdy knocked a two bagger into the left field bleachers. Tyler almost got a hit down the left field line but the ball was foul by a foot or more. Barry threw out Tyler at first.

ANTWERP CITIZENS
MUST BEHAVE OR CITY
WILL BE DESTROYED

Berlin, Oct. 12.—(By wireless to Sayville, L. I.)—The general staff of the German army announces today that in the beginning a very strong garrison defended Antwerp with great energy, but that after the attack by the German infantry and marine divisions, the defenders fled in full rout. Among the Antwerp garrison was one British marine brigade.

The complete collapse of the Anglo-Belgian defense of Antwerp was shown by the fact that no military authority could be found with which to treat concerning the surrender of the city. This surrender was finally negotiated with the burgomaster. It is impossible to give as yet the number of prisoners taken with Antwerp. Many of the defenders who fled to Holland were interned.

General Von Bessler, who has been decorated with the order of merit for his capture of Antwerp, has issued a proclamation addressed to the people saying no one would be harmed unless they committed hostilities upon the Germans. "Resistance," he announced, "will cause the destruction of your beautiful city." Private property in Antwerp was spared.

The following information has been given out in Berlin for publication: Reports received here from Vienna set forth that the Russian siege of the Przemyel fortress has been abandoned. Austrian troops have defeated six Russian divisions near Lantz. They also routed one division of Cossacks east of Nin Nymoh.

The Japanese have occupied the Shantung railroad in Shantung province, China. This is a Chinese state railway and was built by Germans. China has protested against this action. The Politiken, a newspaper published in Copenhagen, in a recent issue declares that Japan's cause of action, especially in the occupation of German islands in the Pacific, is difficult of comprehension as such steps have no military connection with the attack on the German territory of Kiau Chiao.

The Carriere del Secolo, published at Stampa, Switzerland, reports revolting atrocities on the part of the French Senguez troops. "The German press," referring to the late King Charles of Roumania lays particular stress upon his political ability, his great statesmanship and his efficiency as a military leader.

Residents Thrown
Into Panic By Shells
Of German Artillery

London, Oct. 12.—(4:42 a. m.)—The Daily Chronicle's Antwerp correspondent gives a picture of the panic in the Belgian town and the flight of the populace to safety.

"Before the bombardment had been long in operation," the correspondent says, "Antwerp's civil population fell into panic. Immense crowds gathered along the quay side and at the railroad stations in their efforts to make an exit from the city. Early on Thursday morning more than 40,000 had assembled on the long quay in the hope of boarding fifteen tug boats bound for Flushing, Rotterdam and other Dutch ports.

"These were not vessels of any considerable carrying capacity, and as no one had made arrangements for a systematic embarkation, will struggle followed among the frantic people. The boats had no regular gangways and the only means of boarding them were over narrow planks, tipped at dangerous angles.

"Up these the fugitives struggled, the strong shoving the weak out of the way in their mad haste to escape. It was marvellous that there was not a terrible death list resulting from the struggle. Many persons were forced over into the water, but their rescue was prompt. As far as it was possible to learn, the casualty list consisted of two women drowned and one woman suffering a fractured skull sustained in a fall from a plank.

"At two o'clock in the afternoon all tugs had gone and the quays were left filled with crowds."

Vienne, via Paris, Oct. 12.—(5:20 A. M.)—The cholera is spreading rapidly in the remotest districts of Austria. A case has been discovered at Feldkirch, province of Vorarlberg, near the Swiss frontier. The Austrian troops in Galicia are being vaccinated against the disease.

Six Russians and five foreign war correspondents have been accorded permission to join the Russian forces at the front. Leonberg, in Galicia, is their destination.

GERMAN AEROPLANE
THROWS SIX BOMBS

REMOVES AN
OBSTACLE

Petrograd, Oct. 12.—(Via London 5:12 P. M.)—It was announced officially late today that a Taube aeroplane had flown over Paris this morning and thrown down six bombs. Five French aviators went up to pursue the German airman.

Another German bomb was dropped today at Senen, a suburb of Paris, but it also did not explode. This missile fell within a short distance of a large paint factory where there is a gasoline tank with a capacity of 80,000 gallons.

French war officials have adapted the news that one of the German bombs yesterday struck the cathedral of Notre Dame has been true. The first thing done was the appointment of General Hirschauer to take charge of the aerial defense of the city. General Hirschauer is an aeronautic expert.

GERMANS ROUT
TWO DIVISIONS

London, Oct. 12. (5:50 a. m.)—A despatch to Reuter's Telegram company from Berlin via Amsterdam, gives the following statement which was issued last night by the German general staff:

"Our cavalry on Saturday completely routed a French cavalry division west of Lille, and near Hazebrouck we inflicted heavy losses on another French cavalry division. Until now the engagements of the front in the western theatre did not lead to a decision.

About the booty at Antwerp no communications can be made as information still fails. Neither can the number of British and Belgian troops who crossed the Dutch frontier be fixed."

"In the eastern theatre we repulsed in the north all attacks of the first and tenth Russian armies on October 9 and 10. The Russian outflanking efforts by way of Schirwindt (East Prussia) equally were repulsed and the Russians lost one thousand prisoners."

"In South Poland the advance guards of our armies have reached the Vistula near Grodzko, South of Warsaw. We captured two thousand men of the Second Siberian army corps."

"The Russian official communication about a great Russian victory at Augustow and Suwalki (Russian Poland) are invented. The fact that no official Russian communication has been published about the tremendous defeats at Tannenberg and Musterberg (both in East Prussia) vouches a lack of reliable official information."

EVERY INCH OF PATHWAY TO OSTEND TO BE DEFENDED

The news of German movements between Antwerp and Ostend up to the present is so fragmentary and contradictory as to be almost worthless.

Germans are maintaining their customary secrecy and reports coming from Belgium and Dutch sources of heavy repulses to the Germans with losses supposedly large and round in number are looked at askance now.

The capture of Ostend would of course be worth the possession of many Antwerps to the Germans.

HIMSELF, AND A CAST OF ALL STARS IN THE FAMOUS AMERICAN PLAY

BEGIN TO BOOST 1915 KORN KARNIVAL

NEXT YEAR'S EVENT WILL BE A HUMMER

Hardly had this year's Korn Karnival passed into history until Portsmouth merchants and manufacturers and Scioto county farmers began planning for the 1915 Karnival.

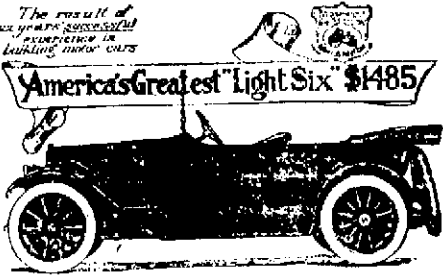

It was the consensus of opinion all round that the next year's Karnival will even surpass the successful heights attained by the Karnival of this year, which undeniably was one of the most successful affairs of the kind ever held in the Buckeye State. There is a strong sentiment in all sections of the city and county for another Karnival and the show of 1915 will no doubt be larger and more comprehensive than this year's show if such a thing is possible.

Farmers from all sections of the county met in the headquarters of the Merchants in the Masonic Temple Saturday afternoon and enthusiastically placed their stamp of approval upon Korn Karnivals. They claim that they will figure more prominently in the 1915 show than they did this year. Otto Zoellner was made the permanent chairman of the farmer's side of the Karnival and he will start right away boosting the show throughout the county. Richard Holt of Harrisonville, was made secretary of the Farmer's Club. Short talks boosting the Karnival was made by President Daehler, Samuel Horchow, W. Shannon of Wheelersburg, Albert Zoellner, Ben Harris, Arthur Bode and Si Straus.

That Portsmouth manufacturers and merchants are interested in the Korn Karnival and are willing to keep it going is convincingly shown in the following expressions ament the Karnival, made Monday by business men and manufacturers:

Charles Daehler, president of the Retail Merchants' Association: "The Korn Karnival is a permanent institution. It will be larger and better than ever next year."

Henry Bowman, Ohio Shoe Co.: "The Karnival was the greatest affair of the kind I have ever seen. From the manufacturer's side it was an unqualified success. We will be there next year with the proverbial bells."

John E. Williams, general manager of the Excelsior Shoe Company: "I never saw anything like it. The Karnival exceeded my fondest expectations. We will be ready to do all we can to make the 1915 show a bigger success if such a thing is possible."

Frank V. Knauss, president of the Portsmouth Store and Range Company: "A success! Well I should say it was. A fine thing for the town. The manufacturers will always be ready to lend a lifting hand. Keep the Karnivals going."

Mark Selby of Selby Shoe Co.: "It seemed as if everybody was interested in the manufacturing end of the show. Our booths were visited by thousands of people, who displayed much interest in the making of shoes. It is too early to say what we will do next year, but the Selby Shoe Company will not lag behind."

Charles Mitchell, Mitchell Manufacturing Co.: "The Karnival was a tremendous hit. We will be there stronger than ever next year."

Joseph P. Finkels: "Kum again in 1915. To be sure I am in favor of another Karnival for it means much to Portsmouth. It was a great week and such well behaved crowds I never saw anywhere."

Samuel Horchow, Horchow Furniture Co.: "We will make the Karnival more sweeping than ever in 1915 if we can. I don't hardly see how we can, so successful was this year's Karnival."

Albert Zoellner: "The Karnival was a grand success. Portsmouth outdid itself. In 1915 the Karnival will be the best of the kind in Ohio. We have just started the Karnival ball rolling."

Si Straus, head of the Salvage Company: "It was a nice, clean show all the way through and one that the city can feel proud of. We will all be there next year stronger than ever. Mask night was the biggest thing of the kind ever pulled off in the city. Keep the Korn Karnival pot boiling. All the parades were grand successes. Even heavy showers could not halt them."

Geo. A. Goodman of the Gilbert Grocery Co. said: "It would not be expected to be a trade bringing week. People came to be entertained but the Karnival advertised Portsmouth and her stores and manufacturing plants to them in a way that can not help bring much new trade. It attracted visitors who perhaps before never realized the trading advantages offered here. The Karnival was a decided success."

John A. Wurster: "We were satisfied with our business during the Karnival. Let's start now boosting the 1915 Karnival."

Felix Haas: "I am always for anything that boosts Portsmouth. I'll do my share in 1915."

The Movies

At Lyric Tomorrow
"The Virginian"

Dustin Farnum in "The Virginian" means something extra good. He is one of America's greatest actors and "The Virginian" is one of the best of plays. The picture is one of the famous "Paramount" programs and is superb in every detail. The story of the play is here in brief:

The Virginian (so called from his native state) is a free lance cowboy. Securing a job at Bear Creek, his happy disposition and amiability soon earned him a host of friends. He meets Steve, an old friend, and former book-keeper; mutual admiration draws them to each other; together Steve and the Virginian perpetrate many practical jokes. During one of these pranks the Virginian encounters "Trampas," the local bully and bad man, and the Virginian makes him "back down."

Desiring to open a school, the out-demon send Steve for a teacher, and "Molly," a trim, lovely Vermont girl, comes via the overland stage. The Virginian rescues Molly from the clutches of the drunken driver, and she falls for him. At a barbecue the Virginian proposes to Molly, but is rejected. Trampas, who has made vile comments on Molly, is forced by the Virginian to eat his words.

Steve joins Trampas and his cat the thieves. The Virginian is selected by the out-begone to hunt down and exterminate the marauders. Steve and Spanish El are captured and, despite the Virginian's fondness for Steve, stern duty compels him to dispose of them by the Western method and Steve and El are hanged. Trampas, who escaped the posse, reaches an Indian camp and incites them to kill his enemy.

Peebles Robbery

Thieves broke into S. E. Newman's grocery store and E. J. Davis's department store at Peebles Sunday night, according to word received by the Times Monday. At the former place they secured a large quantity of meat while the cash register at Davis' store was rifled of its contents, consisting of a small amount of change. They also made an unsuccessful attempt to break the lock of the Rotzoff Hardware store.

W. C. ZELLER, Piano Tuner of Cincinnati, O., is here. Leave orders for work at J. B. Wilson's music store 616 3rd St., or at the Baldwin Piano store, 822 Chillicothe St. Phone X-406.

"One Wonderful Night" Columbia Tonight and Tomorrow "One Wonderful Night" has been called "One wonderful picture" by hundreds of exhibitors and their millions of patrons.

This greatest of all the great Essanay photoplays, is in four acts and is adapted from the novel by the famous author, Louis Tracy, which was published in the Ladies' World Magazine and which was read by many million persons.

The play was awarded to the Essanay company for the use of Francis X. Bushman, as a reward for that eminent actor's victory in the Ladies' World Hero contest.

Mr. Bushman is at his best in this picture and is supported by an unusually strong company, including Beverly Bayne.

Owing to the number of inquiries concerning this picture, Manager Tynes has arranged to show it today and tomorrow at 10 cents in all, either afternoon or evening.

At The Exhibit The moving pictures taken under the direction of W. P. Schenck, of the Excelsior shoe factory, Moose parade and Roy Scouts, together with the likeness of thousands of Portsmouth people, turned out just as the moving picture man declared they would.

The Exhibit theatre was crowded with enthusiastic patrons, many of whom personally congratulated Schenck for the rapid and artistic work turned out.

Usually it is two or three weeks after a carnival when the moving pictures of the affair are exhibited.

Geo. Law, proprietor of the Exhibit, was fortunate in connecting with the "live wire" claps affiliated with Schenck.

No advance in the price of ad

mission will be made. To accomodate the patrons a matinee will be given each day of the exhibition, commencing at twelve o'clock.

THEATRICAL

The New Sun.

Owing to the fact that the New Sun theatre management was unable to book a vaudeville show for one night the house will be dark tonight. Lyman Howe's new tray of pictures will show at the theatre Tuesday night and Wednesday afternoon and night.

The pictures are full of the many new and novel scenes that only this great producer of wonderful true to nature scenes can produce.

The last half of the week brings the double bill that promises to be the hit of the season.

The following bills Lillian Mortimer in Molly Irish O. No. 57 A. This will be equal to anything that this favorite of the theatre patrons has ever played here.

The Dublin Dandy Minstrel Maids will be the other bill. This is a five wire trope of lady minstrel that promise a lot of good musical hits and comedy stunts. This double bill promises more real entertainment than anything that has ever played the New Sun so don't miss it.

There will be a small advance in price for this bill only.

Lyman Howe "The more use of superlatives is entirely inadequate in any description of these pictures. Merely to say they are superb falls far short of the praise they merit." is the tribute paid by the Seattle Sun to the new program which Mr. Howe will present at the Sun Tuesday and Wednesday of this week. The slides illustrate practically everything on the earth, in the water beneath and in the sky above them.

Interpersed are those with changing, abiding, cleverly conceived and skillfully done animated cartoons that are so irresistibly amusing. Besides there are also these inspired morals behind the screen, who induce with amazing fidelity every sound that can emanate from humanity, animal life, or

the forces of nature, and also a the crater of Vesuvius. The growth of plants and flowers, new bird studies whose operations are endless, the electrolysis of metals, a "wheel of death" is promised on a trolley through Egypt, historic and now ride on a runaway train. An ever enchanting Venice, are only a other spectacular adventure to this flow of the remarkable subjects in which these spectators down into closed in the new program.

FLOUR STOLEN

Thieves effected an entrance Thursday night into the Horr building at Gallia and Gay streets, formerly occupied by the Pepper store, and stole about ten bags of flour, stored in the room for display purposes by Horr Bros., feed dealers, next door. The rear door was open the following morning, but the employees of the firm are positive that it was locked the night before.

The robbery was reported to the police Friday morning, but they have been unable to unearth a clue that would lead to the detection of the thieves.

Wind Moved Voting Booth

The wind blew with such velocity Saturday morning that one of the city's movable voting booths was blown seven feet out Market street. The booth was blown from its position and was placed in its new position.

Who?

Who fights the battles of the king?

And where where soldiers loudly sing?

Of whom do war birds seldom sing?

The people.

Who sacrifice their lives and call them?

That crown may rise and may not fall?

The people.

Who wade through blood with courage grim?

To satisfy a monarch's whim?

And sing this monarch's battle hymn?

The people.

Who have no choice to profit by?

Who for content and peace may sigh?

But must march on to the end of the line?

The people.

Who through all time have been tossed?

By terror, death or your regret?

Revolving deeds they would for get?

The people.

Who have fought, but less than their own?

To keep the king upon his throne?

Whom wrongs can no one see?

FLASHES FROM THE REAL CENTERS OF SPORT

LOCAL ELEVEN BEATEN, 18 TO 0

The Portsmouth High school football warriors were beaten Saturday at Chillicothe by the score of 18 to 0. The game is to be protested by the local management on account of the Chillicothe coach who inspired the game would not allow P. H. S. a well earned touchdown.

Hopkins took the ball for a long run and when tackled fumbled the ball. Swissheim caught the ball before it dropped and carried it over the line for a fair and square touchdown, but Empire Krissman would not allow it to go as a touchdown, claiming that Hopkins passed the ball to Swissheim after being tackled.

After the game the umpire opened his heart and wanted to give Portsmouth the touchdown saying that he would call the final score 18 to 7 but the local official Assistant Business Manager Carnet and Captain Faust refused to listen to such an agreement. Captain Faust in plain words told the umpire that it was mighty poor sportsmanship. After being so fussed credit for the touchdown the locals lost all heart and crumpled away before the heavy line of the Chillicothe players. The gridiron was a solid sea of mud

which hampered the speed of the locals. Chillicothe made large gains through the center of Portsmouth's line and on forward passes. A long forward pass netted them their first touchdown. The second and third downs were made by catching Portsmouth passes close to the goal.

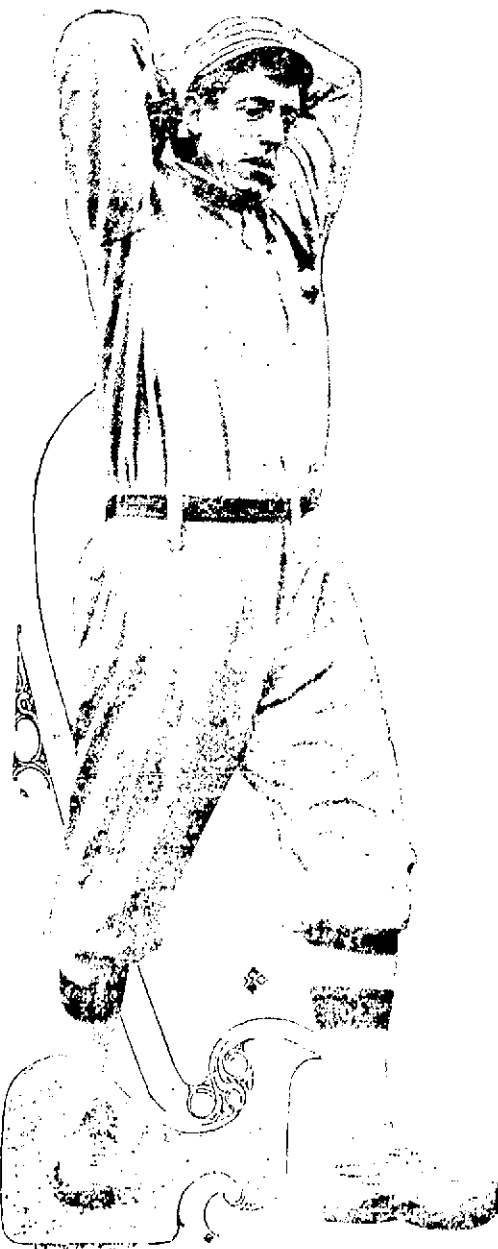

Don York broke into the game as a regular by playing left half back in the place of Jones who is not eligible. The Southern Ohio Athletic Association holds a meeting the last of the month and will decide whether Jones will get play this season. Harlow at quarter and Faust at full made large gains for P. H. S. Quinn made several good tackle runs. End runs and forward passes were tried time after time but they were of no avail on the heavy field.

Griger, Lewis and Byron were carried along as subs. Portsmouth High will journey to Wellston next Saturday where they meet the first High School eleven.

P. H. S. presented the following lineup:

Swissheim, L. E.; Quinn, L. T.; Harlow, L. G.; Test, C.; Molkster, R. G.; Dueswell, R. T.; Brundley, R. E.; Harlow, Q. R.; York, L. H.; gridiron was a solid sea of mud

EDWARD PLANK

Who pitched great ball against the Boston Braves Saturday, but lost 1 to 0.

Signal Tipping Is Stopped By Braves

Sir Tyrus Cobb comes forward with the story that the Athletics have not hit in the first two games all because they have been unable to get the signals of the Braves. Cobb claims that half of the hitting strength of the Athletics comes from their ability to get their opponent's signals.

Maramville and Evers have taken the Boston hurlers in charge and they will not permit them to pitch a ball until the Athletics

batter is in the batter's box ready to take a healthy swing at the old ball.

With runners on the bases Gowdy does not give a sign until the runners have taken a lead and cannot possibly see his signs. Whether this theory is correct or not does not matter, but it is a concrete fact that the hitting of the Athletics has been a tremendous disappointment to their supporters.

SPEED WAS BAFFLING

The Philadelphia fans are willing to admit that Big Bill James is some pitcher. His speed Saturday simply baffled the Mackmen. The claim is made that James used as much speed as Walter John-

son ever displayed. James had a mystifying change of pace and his work was smooth and accurate all the way. He even performed more smoothly than his side partner, Rudolph did in his first game.

SELBY IS REAL SPEED MERCHANT

Commenting on the Ohio Wesleyan University of Cincinnati game at Delaware Saturday the Enquirer said: Cincinnati outplayed the locals in the two periods, but in the third the Methodists showed a better advantage. The battle was filled with tense moments, the most exciting of which occurred at the close of the second quarter. With one minute left to play, Selby, a real speed merchant, grabbed hold of a wild forward pass by Montgomery and dashed 50 yards to within three yards of the Cincinnati goal line. In four trials at the line Wesleyan could make only two yards.

HOME IS IN CHILLY

The Philadelphia Ledger says: "Josh" Devore, cast off by the New York Giants and sold by the Athletics to the Boston Braves just in time to get in the world's series, had loyal roots. From his home town, Chillicothe, O., came "Denny" Sullivan and "Jim" Shinn, Mayor and Sheriff of Chillicothe, to root for their native son. Throughout the game, Josh had perched under the water bottle in the Boston dugout, cheering and waving his arms.

U. OF C. WAS BEATEN

Bill Selby starred in the Ohio Wesleyan University of Cincinnati football game Saturday. He executed several difficult forward passes and remained in the game through the four periods. The score was 14 to 7. Lynch scored two touchdowns for O. W. U. in the first quarter.

FANS ARE CHESTY

Boston fans are now betting 3 to 2 that the Braves win the world series. They are evidently satisfied that James and Rudolph will repeat.

HIRAM WAS SWAMPED

Orville Roberts, former P. H. S. football star played full back on the Hiram, O., eleven Saturday which was beaten 42 to 0 by the Mt. Union gridiron boys of Alliance, O. Roberts did not have a chance to get in any sensation plays.

WILL BAKER GET HOMER?

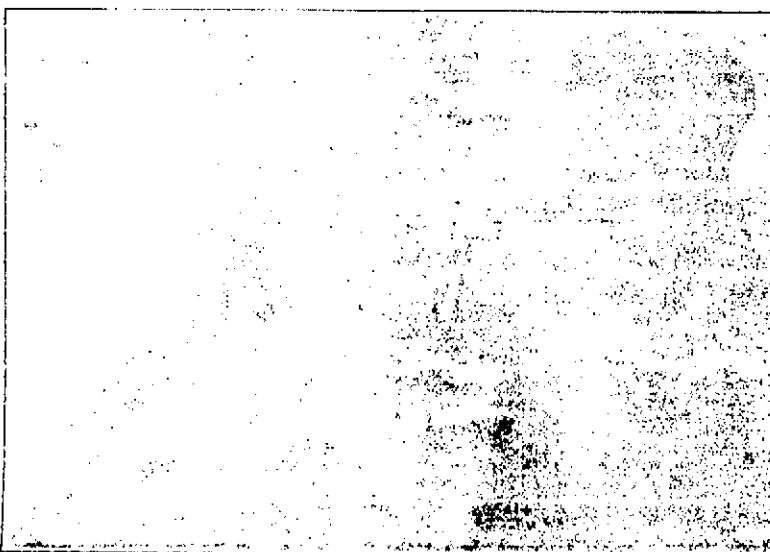

Fans in the East are betting that Baker will not make a home run in the present series. They argue that the Boston pitcher is so tired that Baker will get a home run in the honor of insurance one for around the circuit and use.

GARFIELD ASSAILS WILLIS WITH BOLTS OF SARCASTIC

SAYS G. O. P. LEADER HAS SWITCHED TOO LATE IN TEMPERANCE FIGHT

Deriding Congressman Willis' declaration at Sebring last Friday evening in favor of the prohibition amendment as an act of death-bed repentance and a "safety first" maneuver, which only exposed his weakness and cowardice, James R. Garfield, Progressive candidate for governor, assailed the G. O. P. candidates and platform with his most vehement invectives last Saturday afternoon in this city.

Little or no attention was given to the common enemy of both parties, the Democrats, by the Progressive gubernatorial candidate, who devoted his entire speech to an arraignment of Congressman Willis and his campaign backers for their sudden shift which he alleged was calculated to win the dry vote of the state in a desperate effort to avoid running third at the election.

Mr. Garfield reiterated his zone where Willis travels from government to the territory of last year, when Willis ceased to be a candidate for the real fight was the vote of the temperance people and begins to beg for the saloon and the Republican ticket a point of view.

The day has gone when a man, no matter how artful or agile he may be, can successfully play such a political game. There is but one standard of honesty, and it must apply to public and well as to private life. Willis is like the discredited captain of industry who acted upon the idea that common honesty cannot succeed in business.

"The Republican party is in favor of the wet amendment, Willis as the candidate of that party and as a member of its platform convention voted for its platform. Did he vote as a man or as a candidate, when he surrendered to the liquor men in control of his party who threatened to bolt if any word of opposition to the liquor interest was put in the platform? Was it Willis the candidate or Willis the man who voted to 'decentralize' the appointment of these liquor license commissioners, and place it in the hands of the brewers and saloonkeepers of the wet counties?"

"Willis the candidate cannot deceive the public by crying that the liquor problem is not a political issue. That is the familiar cry of timid men, such men as those in 1860 to 1865 said that slavery was not a political issue and that the war was a failure. Candidate Willis knows that his party is really in favor of the liquor amendment."

In support of the above statement, Mr. Garfield quoted the endorsement of the liquor amendment by the Hamilton county Republican central committee, and the published statements of Republican leaders in Cleveland and other cities, where the Republican legislative candidates have declared themselves against the prohibition amendment.

He also charged that the liquor plank in the Republican state platform was dictated by the Cincinnati delegation, and also declared that the leading Republican newspaper in Cincinnati, the Times-Star, which is supporting Willis, is also fighting against prohibition and for the liquor amendment.

"It will be interesting to have Mr. Willis, the man who says he will vote dry, explain to the public the just 'what benefits in taxation and business activity' his party intends to give the people by the continuation of the saloon," continued Mr. Garfield.

"If Mr. Willis the candidate believes in having the saloonkeeper continue to be the tax collector then Mr. Willis the candidate is in full accord with Governor Cox and the Democratic party."

"Willis the candidate does not wish the 'annihilation' of the important industries which now give employment to many thousands of men," but Willis the candidate is not willing to fight to help the many thousands of men and women who are now suffering from the misery, poverty, and crime which result from the operation of the saloon.

Willis the candidate agrees with his Republican party and begs for the saloon vote because of the 'benefits in business activity' which it will bring to the state.

"Willis, the man, says he will vote dry; Willis, the candidate, controlled by the brewery representatives in control of his party, is afraid to fight for the dry amendment and against the wet amendment. If the dry amendment is worth voting for, it is worth fighting for. The curse of slavery was driven from our land by the soldiers who fought on the battle fields of the Republic. So the curse of the saloons will be driven from our state by the men who dare to fight in the open."

"Willis the candidate is like the colonel in the Civil War, who, when a charge was ordered, said, 'Boys, you choose, I am a bit lame, and so I will follow if you take the fort.'"

"Willis the candidate, thinks the rule 'safety first' applies to a political candidate."

"Evidently, Candidate Willis admires the caution of Bryan who did not dare to mention the liquor question or woman suffrage in Ohio, rather than the courage of Roosevelt who came to Ohio and urged all good citizens to fight and vote against the liquor amendment and to fight and vote for the dry amendment and the woman suffrage amendment."

"No true friend of temperance can be satisfied with the stand of Mr. Willis. Whatever benefit he might have gained had he had the courage to fight for the cause of temperance at the Republican convention has long since been lost by his refusal to do so. It is now too late for him to gain the confidence of the temperance people, and he has likewise shown to all people his weakness and cowardice."

"It is perfectly apparent that the contest is between Governor Cox and myself between the Democrats and Progressives. Nothing that Mr. Willis or Mr. Harding have said or done has made any inroads into the gigantic Cox machine."
